It has been decided in the DLCC meeting that the Bamboo plants are to be raised in the Nurseries 2020-21 for use as green fencing in plantation season 2021-22. Accordingly, all the MPDOs in the district are instructed to raise Bamboo trees in each G.P. Nursery.

As per the existing norms Bamboo seeds can be procured @ Rs. 0.30 Paise per seed. But Bamboo sticks are preferred instead of seeds as the sticks are congenial for faster growth rather than seeds.

As such M/s Samba shiva Nursery (Cell No.9866087151) is finalized as stump supplier as the firm is ready to supply stump @ 0.90 paise per each on payment of cash.

Accordingly all the MPDOs/MPOs are instructed to arrange to place the indent of stumps based on Gram Panchayat demand and the expenditure shall be met from 10% Green budget. The EGS component Rs.0.30 paise should be released to Gram Panchayath through MCC
